Call for STEAM/STEM Activity Vendors

Math N' More 6th Annual Pi Day Celebration

Math N' More is officially inviting **STEAM/STEM-focused vendors, educators, organizations, and creatives** to participate in our **6th Annual Pi Day Community Celebration** on **Saturday, March 14, 2026**, at the **Martin Luther King Jr Recreation Center and Aquatic Center in Atlanta, GA**, from **1:59 PM to 6:00 PM**.

About Pi Day at Math N' More

Pi Day is a high-energy, sports-themed community celebration designed to make math accessible, fun, and meaningful for families in underserved communities. The event blends hands-on learning, friendly competition, and real-world application to help scholars build confidence and excitement around math and STEAM.

Each year, Pi Day brings together hundreds of families, educators, and community partners for an afternoon of interactive learning, games, and celebration.

What We Are Looking For

We are seeking **engaging, hands-on STEAM and STEM activity vendors** who can facilitate interactive experiences for children and families. Activities should be:

- Hands-on and age-appropriate
- Engaging, fun, and visually appealing
- Designed for quick participation in a festival-style setting
- Aligned to STEAM or STEM concepts, especially math, science, engineering, technology, or applied problem-solving

Examples include, but are not limited to:

- Math games and challenges
- Engineering or building activities
- Coding or robotics demonstrations
- Science experiments or simulations
- Aviation, technology, or career-exploration activities
- Sports or movement-based activities connected to math concepts

Atlanta GA 30308
Phone: 470-740-MATH (6284) | Email: info@mathnmore.org

Why Participate

Vendors will have the opportunity to:

- Engage directly with families who value educational enrichment and quality experiences
- Showcase programs, services, and products to a highly engaged community audience
- Align your brand with an established nonprofit committed to educational equity and STEAM access
- Build relationships with families, educators, and community leaders across Metro Atlanta

Vendor Expectations:

Vendors should plan to bring all materials needed to operate their station successfully, including tables and chairs if helpful for your setup. If you require access to power, please indicate this on the vendor **intake form**. Every effort will be made to align stations with power sources; however, vendors should plan to bring extension cords as needed. Vendor Participation is FREE, but this is a fundraiser and would love for you to contribute to the overall cause of math equity!

Vendor Experience

Selected vendors will receive:

- Dedicated space to host an interactive activity
- Promotion on Math N' More's event marketing and social media platforms
- On-site support from the Math N' More team
- Recognition as a Pi Day 2026 community partner

Hospitality:

Pizza, water, juice, and coffee will be available for all vendors during designated times throughout the event.

How to Apply

Interested vendors should **SUBMIT HERE**:

Join Us

If you are passionate about STEAM education, community engagement, and creating joyful learning experiences, we invite you to be part of Pi Day 2026. Together, we can show families that **math is life**, and learning can be powerful, fun, and accessible for all.
