#This data is formatted as CSV (comma-separated values) with each row representing an #acquisition deal and columns representing the acquirer, company acquired, date of the deal, #and total consideration paid. The total consideration amounts in USD are formatted as decimal #numbers with commas separating thousands and periods for the decimal point. For example:
#11600000000.0 = $11,600,000,000.00
#7100000000.0 = $7,100,000,000.00
