Please provide more details about what's happening :

1. This account repeatedly changes its @username after reports.It uses ED topics under the guise of Kpop food-culture criticism to spread misleading narratives about Jung Wooyoung, fueling hate, projection and bodyshaming towards the artist while potentially harming users with EDs.

2. Framed as K-pop food-culture criticism, this account reposts decontextualized clips of Jung Wooyoung, fueling misleading health narratives, ED speculation and body-shaming towards the artist in quotes. Using EDs in fanwars trivializes the issue and may harm those affected.

3. This account exploits sensitive ED-related topics under the guise of K-pop food-culture criticism to fuel fan fights and spread misleading narratives about Jung Wooyoung, resulting in ED speculation and body-shaming towards the artist while trivializing a serious disorder.

!!Please choose one of the three report contexts we've provided.

If possible, report using your other X accounts and gmails as well. You can also write your own report using the contexts and keywords we've shared, as long as it accurately reflects the issue and the evidence^^
