Handout 5.6 “Investigation Pre-Planning Template”

Lead:

Support:

Fill this out for your teacher to ensure that you have planned an exploration that can be carried out with the supplies available in your classroom, and so your teacher can have all necessary materials available for you.

What aspect of climate change are you planning to learn about?

Describe your exploration

How will this exploration help you describe or understand your topic

What materials will you need?

What data will you record and how will this help you model the impact of your topic?
