terragena
DIRT AND WATER INTO GRAPES AND WINE

2018 Terragena Rosé of Pinot Noir

Abbassi Vineyard

Crisp rosé with floral and fruit aromatics, balanced acidity, and a lively finish. Generous flavors of stone fruit such as peaches, and aromas of lilies and vanilla. We make this delicious wine from the free-run juice and saignée immediately after crushing.
Limited production with 492 bottles produced in our off-grid Humboldt County winery.

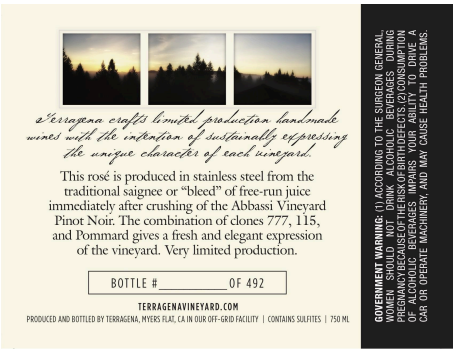
pH: 3.0
TA: 8.7 g/L
Amount produced: 41 cases



About the Vineyard

This small family vineyard was planted in 1976.
From the Abbassi family: *Abbassi Vineyard's topography is Valley Floor sloping gently towards the southwest. The soil is huichica loam. Blessed with an ideal location in the Carneros, the grapes soak up the sun's warmth in the afternoon and are kissed by the cool foggy moisture from the Bay in the evenings.*

About the Winery

We believe in the collective wisdom of winemakers, scientists, and creatives who hold that exceptional wine is born from both curiosity and tradition. Guided by a passion for exploration, we push the boundaries of what wine can be, merging art and science in every bottle. We are committed to crafting wine that tastes extraordinary and honors the land and people behind it. We embrace experimentation, allowing our curiosity to fuel our growth in every stage of winemaking. Through every bottle, we hope to inspire a journey of discovery, shared moments, and meaningful connection.
