9/10 <http://www.ihub.co.ke/> an epicentre of what helps make Kenya Africa's Silicon Valley and a world class multiplier of Social Good. African Open Tech wizards usually know if their city has a current most collaborative lab partner to Kenya's centre of gravity - a map of 20 Afrilabs is [here](#)

1/10 www.the-hub.net missed 5 massive collaboration opportunities NMF offered various of its capital leaders - seems to be run as a power base of a few leaders in each city in spite of wanting to do more than that
