2/11 Llangollen Setlist 12 July 2023

Walk-on music “Nice one Cyril” single by Cockerel Chorus, 1973. Will accept categories such as **Football song, novelty song, advertising jingle … OK I’ll give you “sport”(well played, sir)**…. Not “pop” … the committee pondered allowing “folk” … but nah.

[The Joy Division fragments were spontaneous inclusions, clearly hadn’t been practised specifically for this gig (delightful and accomplished though they undoubtedly were), and if there was whole band participation it wasn’t for more than a few seconds, so they don’t count for FB purposes].

Walk-on = indie (the Smiths) Would accept indie rock, post-punk, alternative rock even.
I have agonised about "pop" but no, as a former Smiths devotee (and therefore finding that agonising comes naturally) I can't accept that. I would however be willing to be over-ruled by a jury of my peers.
