KIDS CRAFT FAIR RULES

PARTICIPATION

- Children must be 5 to 12 years old and OHES students (though they may recruit non-OHES friends as helpers, as long as those friends are also between the ages of 5 and 12).
- Since this is a child-led entrepreneurial event, Children must be able to run the booth without adults interacting with customers. Parents may assist when needed to help with payment, but children must be able to:
    - Take and fulfill orders and answer questions
    - Take payment and make change

We welcome children with disabilities or special needs to participate with any necessary parental assistance! If your child requires accommodations, please reach out to us before November 30th so we can find the best solutions.

PARENTS' CODE OF CONDUCT

- Direct all questions, orders, and money handling to your child. You may assist when needed, but all business-related engagement should be between the customer and your child.
- Parents **may** take payment. If using payment apps, please teach your child how to use them beforehand (electronic payment apps will not be provided at the event).
- If there is no child at the table, **no sales should occur**. A "Be Back Soon" sign should be placed on the table when the child is not present.
- Parents are required to remain at Orange Hunt for the duration of the market (this is **not** a drop-off event).
- It is your responsibility to make sure all adults in your party are aware of and agree to the rules.
- If you need to stay close to the table, we recommend bringing a chair and a book and appearing to "not listen." Creating space for independence is what makes this an

incredible learning experience for your child.

PRODUCTS

Children can sell any **school-appropriate** items. This is a kids' craft market, and items must fit that category. **Each item must be priced at $15 or less.**

NOT allowed:

- Food or beverages
- 3D printed items NOT designed by the OHES student (non-OHES student designed 3D printed items are allowed if they are part of the crafting supplies used in the final product - please reach out with questions)
- No generative AI-created art or images
- Fundraisers
- MLM's
- Animals
- Weapons
- Anything prohibited at school
- Goods made entirely by parents or sold on behalf of parents

Children must have an active role in producing their products. Every booth must have at least one child selling something.

REGISTRATION

- Each vendor must register online through the PTA website.
- The fee is **$10 per booth**, regardless of how many children share that booth.

CHECK-IN

- You are responsible for transporting your products to your table on your own, starting from Door 8.

- Table spaces will be pre-assigned, and you **cannot** choose your space.
- If you would like to request being placed next to another vendor, please contact the organizers **before November 30th**.

TABLES

- One registration equals one table, regardless of the number of children selling from it.
- Children sharing a booth may sell different products.
- Children must bring all their own supplies (chairs, displays, etc.).
- Canopies, tents, and similar coverings are **not** allowed.
- Access to power or the internet for payment apps is **not guaranteed**, so please plan accordingly.

SELLING

- The primary requirement is that children create their products and run their tables.
- Children must sell **from their table only** (no walking the aisles to sell) and may not yell to attract customers.
- Bartering is **not** allowed (except vendor-to-vendor).
- Children are responsible for **keeping track of any money** earned/brought. (Organizers will not take responsibility for missing items).
- If you sell out, you may **NOT** break down your table until the event ends. Place a “Sold Out” sign on your table and enjoy the rest of the market or Bingo.

CLEAN-UP

- You are responsible for hauling out all your own trash and leaving your table space clean.
