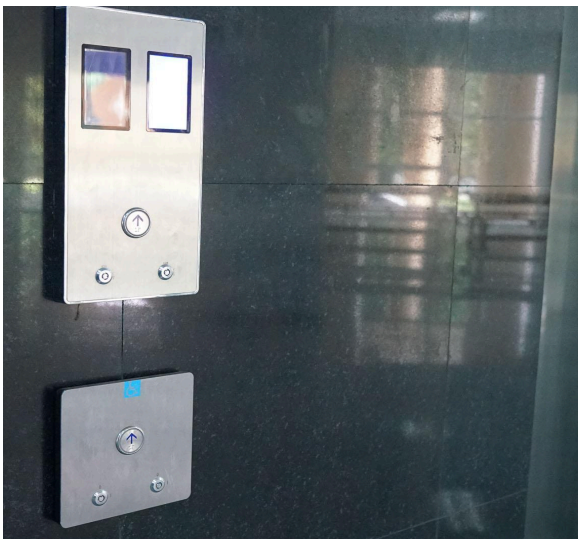
[1] Setting and Infrastructure (SI)
[1.21] Security and safety facilites



Description:

Sisaket Rajabhat University is an educational institution that places great importance on the safety of students and staff. It has various measures to prevent accidents and undesirable events as follows:

1. **Security System:**
   Closed-Circuit Television (CCTV) cameras are installed in various areas within the university, such as academic buildings, walkways, and high-traffic areas, to monitor and track unusual events.
2. **Security Officers**
   There are security officers on duty 24 hours a day, both inside the school building and the dormitory, to provide assistance and prevent unsafe incidents.
3. **Fire prevention measures**
   Fire prevention equipment such as fire extinguishers and fire alarms are installed in buildings, and emergency evacuation drills are conducted regularly.
4. **Traffic management within the university**
   There is systematic management of traffic within the university, such as determining traffic routes, speed limits, and allocating appropriate parking spaces to reduce the risk of accidents.
5. **Safety knowledge promotion:**
   Activities and training programs are organized to make students and staff aware of the importance of safety and how to behave safely in daily life.

   These measures make Sisaket Rajabhat University a safe and conducive environment for learning and working for all students and staff.
