1. Push the power button

2. The screen will show Citrix Login (see below) after boot up. Input your username and password.

| | Citrix Login | > × |
|-----------|-------------------|---------------|
| Ś | | |
| Workspace | | |
| User name | test | |
| Password | ••••• | |
| Domain | maui.hawaii.local | ~ |
| | ✓ ОК | × Cancel |

3. Click the applicable desktop that you want to open. It will open automatically if you only have one(1).

4. Your desktop is ready to use.
