

Kia ora e te whānau,

It has been a week since we communicated to everybody about the need to roster a year level home each day because of the impact Omicron and self-isolation has had on our staffing.

Because of the ongoing impact, we will continue to be rostering a year level home each day for next week. Below is the schedule for Week 7 (Monday 14th - Friday 18th March), including the information for tomorrow Friday 11th March.

When a year level is rostered home, the expectation is that students are completing work set on their Google Classrooms. For more detailed information please see our school website:

Sports, training and after school activities can continue and students are welcome to come in for these.

If necessary, as in 2021, Year 9 or Year 10 students unable to be supervised at home can be supervised at school on their designated Year Level at home day.
