

Offer i am selling:

Coaching program on building a personal brand

Email type: **PAS**

**Subject line:**You are losing THOUSANDS every month...

But why is that tho?

Because you are not TRUSTED

Look , most people can't just pay thousands for a program without diving a little deeper in your life

They need to see that you are an actual real and trustable person

That is the reason why Facebook Ads don't work anymore , people can't just trust you based of a simple ad

Now ,imagine this:

You wake up , grab a cup of coffee, you check your calendar and its FULL of leads ready to be closed

You get on the call with the leads and you don't even need to apply sales tactics

You just have to send them an invoice to get paid

No more trying to convince anyone to trust you

No more losing authority on the call

No more paying for leads

All of the things above are possible through one simple thing:

A PERSONAL BRAND(posting content online)

By posting content consistently you can get unlimited leads and scale through the roof easily

And besides leads:

People are already sold to by your content ,you just collect money

Your the content is adding up(you are building leverage)

People actually respect and trust you

It would be really hard to achieve all of these above by yourself

But with a mentor who actually know what is doing is pretty easy

Now , i can teach you how to build a Personal Brand but there are only 7 spots available
