Abstract. For the 15th TSME International Conference on Mechanical Engineering or TSME-ICoME 2025, it is possible to submit extended abstracts instead of full papers. In this document, the formatting requirements of the conference extended abstracts are described. The extended abstracts shall be written in compliance with these instructions. The abstract should be prepared using ISO A4 paper size using Times or Times New Roman (11 pt) font according to the format described in this template. Extended abstracts should be uploaded on the website as [.doc] or [.docx] file. The overall length of the extended abstract, including illustrations and tables, is limited to 2-pages paper.

Keywords: Provide 3 – 5 keywords related to your paper for indexing of the article.

In addition, the extended abstract should be uploaded onto the website covering following sections:

1. Introduction
The Introduction section should introduce the problem to be studied, review the literature briefly, and provide the main findings of the work.

2. Data/Methodology
Please outline here the data/methodology used in the research.

3. Results/Findings
Please outline here the results/findings of the research

4. Implications for Research
Please outline here the implications for research/policy.

5. Conclusion
A brief conclusion including the summary and generalization of the results, and the contributions and the limitations of the work should be provided.

6. References
The relevant works must be cited and listed as references at the end of the paper, in order of citation. They should be chronologically referred in the text by Arabic numerals enclosed in square brackets,

e.g. [1], [1, 2], [1-3]. The reference list should be set in the same type face as the body of the text. Apply APA format for writing the references.
