

Oak Creek-Franklin Joint School District Board of Education

Policy 154: BOARD LEGISLATIVE PROGRAM

The Board, as an agent of the state, must operate within the bounds of state and federal law affecting public education. If the Board is to meet its responsibilities to the residents and students of the community, it must work vigorously for the passage of new laws designed to advance the cause of good schools and for the repeal or modification of existing laws that impeded this cause.

To this end, the Board will:

1. work with area school districts to develop an annual legislative program;
2. work for the achievement of common legislative objectives with these groups and other concerned groups when appropriate;
3. seek both direct and indirect representation of its position on pending legislation with appropriate state and federal legislators and legislative committees; and
4. meet with state legislators from the area on an as-needed basis during the year.
