Trelans apps and games

Why is data collected?

Trelans and its third-party partners collect data:

- To provide you with the services you asked for
- To run analytics and understand how users interact with our product and services to improve them continuously

The third-party partners that **Trelans** will share the data with are:

- GameAnalytics
- Facebook Analytics
- Adjust

What data does Trelans collect from its apps and games?

For all the purposes listed above the data that Trelans collect is limited to:

- The apps you are using
- Your IP address
- Your Mobile Advertising ID (Apple IDFA or Google AAID - which are technical identifiers developed by mobile operating systems for advertising purposes which remain under your control and can be reset or erased at any time in through your device settings)

- Technical information about the device you use and your connection (user agent, type of connection, timestamp)
- Data pertaining to your activities on our applications and notably the way in which you interact with our applications (for instance, how and when you use our applications) and with the advertising served in our applications (for instance, number of ads served, potential clicks)

With who may your data be shared & why?

Trelans does not share your personal data with third parties without your prior consent in the countries where collecting users' consent may be required by applicable laws and regulations.

When you consent to the collection of data for advertising and analytics purpose, we may share the data listed above with the following categories of recipients:

- Ad Partners: that allow us to monetize the ad inventory of our apps and provide users with free products and services.

Those partners usually collect data via their own tools (Software Development Kits or "SDK"). You will find a list of our partners implementing advertising SDKs through our applications and the privacy policies of their services that describe their practices and allow you to exercise your rights directly toward them hereafter:
