*There is no E-Learning on late starts or early dismissals.
*The E-Learning day can be either synchronous (face to face via laptop in real-time) or asynchronous (learning not happening at the same time), which will be communicated to students by each of their teachers.
*The schedule above simply gives a schedule for students and teachers to follow if they are using synchronous learning. Students will find they may only have one or two face to face classes each day. This also provides office hours if students have questions for their teachers.
*When students have study hall they are not expected to be logged in face to face.
