Salesperson / Key Account Manager

DropTheBomb is a rapidly growing marketing project including a platform for executing promo campaigns, crypto community, ICO tracker, Crypto News Portal, Bounty platform and marketing service provider. Our key products are unique and bring significant value for our customers.

We are a working startup, but we don't have a permanent office space with boring meetings, motivational posters and bad coffee.

A combination of our crypto/ICO experience, our loyal community, affiliate and digital marketing allows us to offer exclusive products. Some of these have high competition (e.g. Telegram promotion, SMM, Bounty, token listing, marketmaking), some has no competitors at all (Youtube content creation & promo to top, Public Opinion Management, Microtasks). We provide services for any startup presented in www, as well as preICO, ICO and postICO projects. Once a customer buys our solution, s/he will need it on monthly basis.

We expect:

- Passion and self motivation
- Rapid learning skills
- Management skills
- Ability to work both individually and in team
- Business ethics and orientation to problem solving
- Looking for new customers
- Working with incoming clients

We offer:

- % from new customers and their further orders
- Extreme career development (just google Fred L. Turner)
- Homeoffice and flexible hours
- Help with your development and paid trainings

Thousands of professionals rotate in ICO industry. A large number of those used to work for tokens that never been listed on any reputable exchange. We look for those who want to get back to the big game and start right here right now.
