Senior- Headphones/Earbuds

Jaden is looking for some new headphones when he goes to the gym. He doesn't want to hear any noise, just his music while he works out. He needs them to be cordless so he can work out without the cords getting in the way. He would like it if the headphones came in many colors, and he would like the headphones to be foldable. He has a budget of $50 to spend. Please help him find the best pair.
