Developing The Literate Classroom

Professional Learning Module

Estimated Time: 5 Hours

PLM Link: Developing a Literate Classroom

Description

Developing a Literate Classroom is a Professional Learning Module (PLM) designed to build K-12 educators' literacy instruction across all content areas. This learning module is designed for all participants to explore the significance of literacy instruction, review current literacy challenges, and learn research-based strategies to support all learners within their classroom. By the end of this PLM, K-12 educators will be equipped with strategies to strengthen their students' reading, writing, speaking, listening, and critical thinking skills to embed within their daily instruction.

Subjects

Potential users can use the following words and phrases to search for the Developing a Literate Classroom PLM:

- Literacy-Rich Classrooms K-12
- Instructional Literacy Practices
- Developing a Literate Classroom
- Schoolwide Literacy Initiatives
- Building Independent Readers and Writers

Terms of Use

This learning module is designed around the STAR Legacy Cycle created by the IRIS Center (2013; https://iris.peadbody.vanderbilt.edu), drawing on the research of Dr. John Bransford and his team (National Research Council, 2000), in partnership with Gardner-Webb University.
