For those that have not explored Adobe Creative Cloud Express (*it used to be Adobe Spark so some of these images have that branding*), it is INCREDIBLE! You can easily create all sorts of visual projects like flyers, webpages, videos, images, graphics, and more. With the EDU account, we have access to all the cool tools, resources, and projects. Students can easily use Cloud Express to create projects to demonstrate their learning. Head over to Adobe and start creating!

Sign Into Creative Cloud Express with your Enterprise Account:

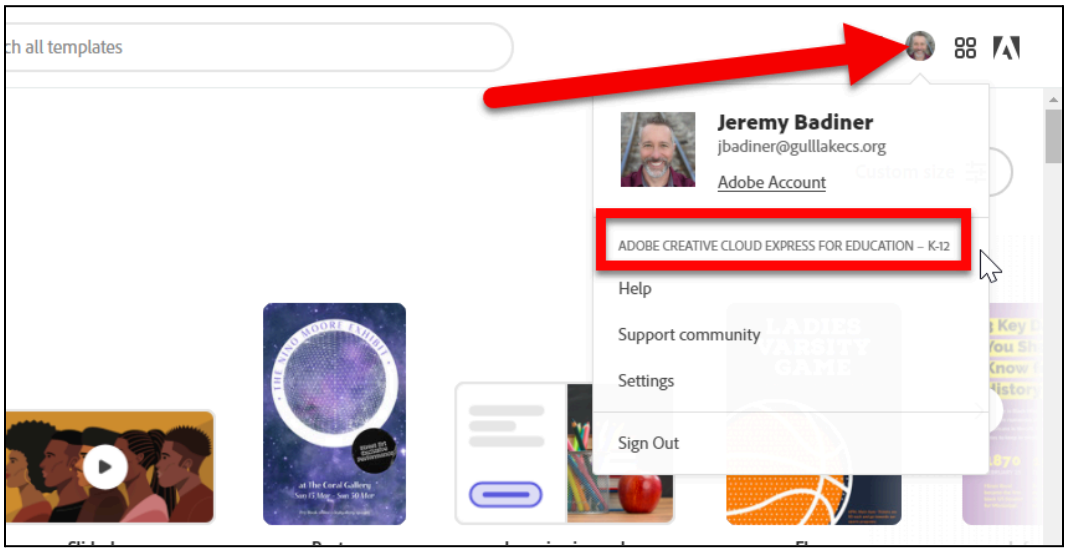
Make sure you are in Your Enterprise/School Account:

Make sure to check that you have the Premium Version. Click on your account icon in the top right and look for "***Adobe Creative Cloud Express for Education***".



If you do not see "***Adobe Creative Cloud Express for Education***" you may need to sign in with the steps below. I had that issue because I already had an Adobe account set to my Gull Lake email. I had to sign in once as an "***Enterprise***" account. Follow these steps one time:

1. Sign out of Adobe Express if you are already signed in.
2. Head to express.adobe.com/sp/.
3. Click "***Sign In***".
4. Choose "***Log in with school account***".
5. Choose "***Continue with Google***".
6. Choose "***Enterprise ID***".
7. You are ready to Create!
