The Department of Statistics at the University of Florida will host the North Florida Regional Electronic Conference on Teaching Statistics (Regional eCOTS)

When: June 14th, 2024, from 10am – 4pm

Where: The UF Informatics Institute (next to Marston Science Library, 432 Newell Dr).

eCOTS is organized by the Consortium for the Advancement of Undergraduate Statistics Education (CAUSE). This event is an opportunity available to all interested in teaching statistics. Follow the link eCOTS 24 to register for both eCOTS and the North Florida Regional conference.

Theme: What's Next? Moving Forward

The North Florida Regional will focus on the "Past, Present, and Future of Statistics/Data Science" conference track.
