**Questions from August 25, 2021, Session**

- Where do we find Non-Trad info? in any of these sites?
- Where do you find demographic data of workforce in various industry sectors/occupations? https://www.bls.gov/cps/tables.htm#charemp or https://www.bls.gov/cps/demographics.htm

From Denise Shreve to Everyone:
https://www.dreamhost.com/blog/state-of-women-in-tech/

From Don Daves-Rougeaux to Everyone:

CA EDD – has several links to info on non-traditional employment rates

https://www.labormarketinfo.edd.ca.gov/LMID/Nontraditional_Employment_for_Women.html
California 2000 Labor Force by Gender for Detailed Occupations (Excel format) (from 2000 census)

Data for the United States are available from the 2007 Current Population Survey at the U.S. Department of Labor, Women's Bureau Web site. – this link on the EDD page is dead – use this link:
https://www.bls.gov/cps/tables.htm#charemp
https://www.bls.gov/cps/demographics.htm

Local Work Investment Development Board;

From Chris
Main link to lots of different tables/data for your data geeking enjoyment:
https://www.bls.gov/cps/tables.htm#charemp

Linking below to 2 of the tables from the link above that I think are most relevant --

Summary level national occupational data (so not exactly organized by sector/industry) for a few years back broken out by race/ethnicity and sex:
https://www.bls.gov/cps/cpsaat10.htm

More detail of the same summary data above (difference is there are more occupational info), for 2020 only:
https://www.bls.gov/cps/cpsaat11.htm
