PLAYER PROFILE

I am a right-footed defender from Parramatta who primarily plays Right Back (RB) and can also play Left Back (LB).

I am a versatile defender who can also play Centre Back (CB), and Defensive Midfielder (CDM) when required.

My strengths are 1v1 defending, defensive awareness, positioning, communication, technical ability, recovery defending and work rate. I enjoy defending and competing, while also being comfortable supporting attacks through overlapping runs and contributing to build-up play.

At Merrylands SFC, our tactical system requires the full backs to play a more defensive role. As a result, my highlight footage naturally contains a strong focus on defending, positioning, interceptions, tackles and recovery runs. I am comfortable playing a more attacking role when the tactical system requires it.
