Internal Affairs Committee Meeting #2
Start: 2:09PM
End: 3:05

Members attending:

- Jenn Baron
- Aj Tsang
- Sam S.
- Sam M.
- Madelynn W.
- Lauren P.
- Dean C.

Two main things; referendum and judiciary

Judiciary

· Either nominate people you think would be good then trial (give them questions based off constitution and see their answers), or application (issue- some people don't know what they're applying for)

· Decided to go for nomination- due next Sunday (need to think of 3-4 people); try for sophomores and juniors

  ○ Document in the committee folder (AJ sent link through Facebook)

· After we finish the process, we should document it and re-do the bylaws

Referendum

· 5-6 questions

· smoking cessation resolution, so if we ask a question it might not be as relevant; draft a question and bring it up after seeing what happens on Tuesday

· should have referendum up for about a month

· will put this on the agenda for next Tuesday, pros and cons due Sunday

· Student Center- going with the more general one, need to write 3-4 lines pro and con (100 words)

  ○ Sam can do pros and cons for Student Center

· Police force definitely needs to be a question; Sam can do pro/cons

· Should we do ICE? General consensus a no (we passed a resolution on it already)

· Mental health resources- question too vague, so would recommend not having a question (university is doing things relating to it with mental health task force, and there are a lot of programs in relation to it)

· Tobacco- should write one and see if we need it/can have it after GBM; will continue with the question that we have already written on the document; Lauren will write pro/con

· Sexual assault- changed from federal policy to less than 60 days issue, Madelynn will write pro/con

· Covered grades- keep the question, see how senate responds to it; AJ to write pros/cons

- Keep tenure question internal
- SGA representation questions
  - Could do something to have extra senators and each one representing the 8 different types of student groups
  - Could also ask to expand number of senators, etc. and lets SGA internally figure out how to expand (affinity categories, etc.)- planning to go with that
  - Disagreement about if we should do class council split
- Student activities fee question- plan to put it out, Dean for pro/con
- Board of Trustees question- yes; changed to be an observer. Jenn will do pro/con
- Divestment and Fossil Fuel- created question, Sam will do pro, someone will do con (AJ?)
- Referenda question- yes, pro con will be AJ
- Mental health- went back to it, came up with question for appointing Mental Health Advocates in each department, AJ will do pro/con
