## MEDICAID ELIGIBILITY LOOK-UP RETURNING FOR EIGHT STATES

In close coordination with Aetna Medicare® teams, we have made significant progress in our restoration project focused on returning the Medicaid Eligibility Tool to you in Think Agent.

**On Saturday 6/22, Medicaid eligibility look-up in Think Agent will be available for these states only: AL, CT, FL, KS, LA, MD, NY, PA. More coming!**

To access the Medicaid Eligibility Tool, you may need to clear your browser's cache. The version number will be **2024.06.210.** Updates to our mobile app will be deployed shortly after.

Not-ready states will display a pop-up "No Active Coverage Found" until reactivated. We will communicate as these states become ready. Added states will not require a version update.
