A basic GLOBAL GOALS Lesson

Lesson Title: 'What are the 17 Global Goals for Sustainable Development?'

Aim: Introduce the Global Goals to as many students as possible in one basic lesson and also encourage further engagement and action.

Background: 193 countries from around the world agreed at the United Nations in New York in September 2015 (with Ireland as joint chairpersons) to try and make things better for everyone by 2030 and the plan is called the Global Goals for Sustainable Development. (a.k.a. the SDG's or Agenda 2030)
