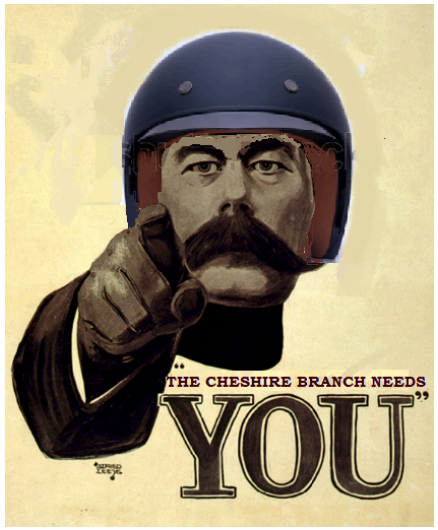
Everybody Welcome!

The Cheshire BSAOC Branch

We have about 30 active members, some of whom are founder members from 2004.



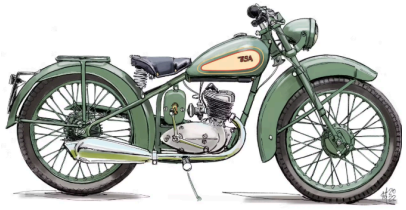
We cater for the full range of BSA enthusiasts, from those who are considering owning a BSA, to those who have restored and owned a number of BSA's over many years. If you're wondering if BSA club life is for you, give us a chance! You will be welcome at our meetings – many members attend by car or on a modern bike, so no pressure to turn up on a BSA!

Our runs are advertised on the 'Calendar' page of our website.
www.cheshirebsaoc.co.uk
If you fancy a run out, just turn up! You're welcome on any bike, old or new. *contd……*

The Cheshire BSAOC Branch *contd….*

Membership of the branch is free but, to be a member of the branch, you need to join the BSAOC first and nominate the Cheshire Branch as your chosen branch. However, anybody is welcome to attend as a guest, if you just want to sample the atmosphere or come out on the occasional run.

Our riding season is from 1st March – 31st October and in a typical year we organise about three runs per month. There are local runs, maybe only 25 miles, finishing at a local fish and chip shop for example, or long distance runs when we might stay over a couple of nights in a hotel in Yorkshire. We've even been abroad to Brittany and to the MotoGP in Assen. In 2025 we organised nearly 30 runs.



When we're not riding our bikes we organise social events like Crown Green Bowling, Ten Pin Bowling, Quiz Nights and Pub Crawls! We also have an Awards Evening in February each year to which friends and partners are invited.

Our meetings take place at Lamb's Wharf, Northwich, on the second Tuesday and last Thursday of each month, 7.30 for 8.00 p.m. The meetings are very relaxed. We like to hear about members' projects and we try to help with the technical issues members encounter.

Our Meeting Place

We meet at….

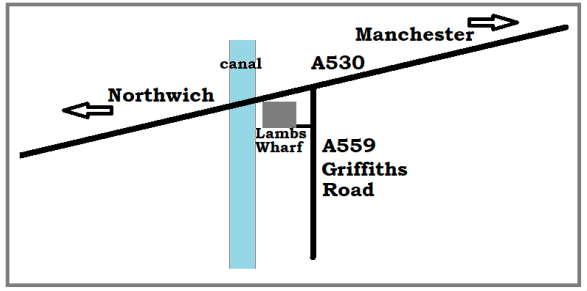
Lambs Wharf

…which is a biker-friendly pub on the outskirts of Northwich, previously Wincham Wharf Marina

216 Manchester Rd, Lostock Gralam, Northwich, CW9 7NT

W3W *storm.slide.bill*

Tel: 01606 514053



Everybody is welcome to arrive by any bike or car, but parking space is quite limited.

Technical Help

Some of our members have been tinkering with BSA motorcycles for many years and they are happy to share their expertise.

Amongst our members are owners of most of the popular BSA's from the 1940's through to the last models made in the early 1970's.

If you need help with a particular issue or model, it is likely our secretary will be able to identify somebody in the club to help you. Just send him an email and he'll get back to you with somebody's contact details.

The best way of getting help is by mentioning your issue at a club meeting.

BSA Owners' Club

The BSA Owners' Club (BSAOC) is our parent club and we would encourage everybody to join, using the membership form on the website.

www.bsaownersclub.co.uk

Through the website, members can gain access to a massive range of information, advice, and a calendar of social and riding opportunities. The Members' Forum is particularly useful for getting help with technical problems.

The monthly *'STAR'* magazine provides technical tips, members' stories, branch news, national, international and local events, and bikes for sale.

"Formed in 1958, the BSA Owners' Club is dedicated to the preservation of the BSA marque. Membership of the BSA Owners' Club is available to both owners and prospective owners of any BSA, whether it's a classic or one of the latest BSA's. From buying your first BSA, restoring your much-loved classic BSA, right through to getting your BSA registered with the DVLA, help is never far away. The club has some 26 branches around the UK as well as many clubs across the world. The BSA Owners' Club is here to share that passion with you."

****

Please note that the new BSA's, manufactured by Mahindra, are accepted by the BSAOC.
