According to the Centers for Disease Control and Prevention's interim guidance for admnistrators of public and private institutions of higher education (IHE) regarding coronavirus disease 2019 (COVID-19), "COVID-19 is a respiratory illness caused by a novel (new) virus, and we are learning more about it every day. There is currently no vaccine to protect against COVID-19. At this point, the best way to prevent infection is to avoid being exposed to the virus that causes it. Stopping transmission (spread) of the virus through everyday practices is the best way to keep people healthy."
    b. Guidelines include that IHEs should "ensure handwashing strategies include washing with soap and water for at least 20 seconds or using a hand sanitizer that contains at least 60% alcohol if soap and water are not available."
