

AUTUMN HARVEST

Welcome, everybody
Welcome, time to party
Welcome, everybody
Welcome, to the autumn harvest

Seasons come seasons go
Yeah we like it
Autumn winds start to blow
Yeah we like it
When them leaves start to fall,
Change in colours and all
See them dance through the breeze
Catch them if you please…
Hey, hey, hey, hey,

Welcome, everybody
Welcome, time to party
Welcome, everybody
Welcome, to the autumn harvest
(Repeat)

Autumn skies they will glow
Yeah we like it
So many colours on show
Yeah we like it
As we see the squirrels run,
Hiding acorns having fun
Children coming out to play…
With conkers every day
Hey, hey, hey, hey,

Welcome, everybody
Welcome, time to party
Welcome, everybody
Welcome, to the autumn harvest
(Repeat)

Bring a marrow and come
Hey!
Bring some apples and come
Hey!
Bring the nuts and come
Hey!
Bring all the crops and come, come, come

Bring a pumpkin and come
Hey!
Bring some berries and come
Hey!
Bring de conkers and come
Hey!
Bring all the crops and bring all the crops and

When we see the haverts moon
Yeah we like it
All the crops will come soon
Yeah we like it
See them birds flying high
Heading south through the sky
As they fly to migrate
Hedgehogs hibernate
Hey, hey, hey.

Welcome, everybody
Welcome, time to party
Welcome, everybody
Welcome, to the autumn harvest
(Repeat)
