IQAC ACTIVITIES 2023-2024

Department of Botany- Guest lecture

1. Guest Lecture	:	Sri.P.Chamundeswari Devi, Lecturer in Botany, SCIM GDC, Tanuku.
2. Topic	:	Mendelism.
3. Date	:	28-08-2023.
4. Students Participated	:	13
5. Lecturers involved	:	Dr. P.S.S.Sravanthi, Smt.B.Raja Rajeswari.

Objective and importance:

Inviting guest lecturers to your classroom has benefits for learners for the guest lecturers. Bringing in speakers with proven expertise in a topic provides added credibility to our content. Having a guest lecturer also opens your lesson design to new options. Higher education today embraces the ideas of interdisciplinary thinking and performance, and what better way to model this than to have guests from other disciplines teaching content from their perspective. It takes both prior planning and organized follow-up, but is well worth the effort

- Description of Program: Sri.P.Chamundeswari Devi delivered an elaborate lecture on "Mendelism" which was very benificial to the students. Mendels laws of inheritance were explained in detail with specific examples relating to their inheritance.
