# EVENT PROGRAM

## Location

43° 7' 58.1160" N 122° 8' 49.9200" W

## Saturday

- Check in: 2pm

- Group Fireside Dinner (sponsored by AER), with dessert/smores & campfire stories

## Sunday

- SESSION 1: 9 am - 11 am
  Title: Interactive Accessibility in Outdoor Recreation, Multisensory Hike

  Presenter: Paul Haney

  Description: Participants will have the opportunity to try out various mobility tools during an easy 1-2 mile hike in the Diamond Lake area. Tools will include various cane tips designed for off-road and rural travel. Participants will also learn how to create accessible hiking experiences using a multisensory approach.

- SESSION 2: 4 pm - 5:30 pm
  Title: Practical tools and trauma informed strategies to engage students experiencing vision loss

  Presenter: Ashley Jopling

  Description: Participants will receive an introduction to how

trauma impacts the brain and body, as it relates to vision loss. We will explore what trauma can look like and how it might show up in your setting. Participants will learn and practice trauma informed strategies to respond in the role as a non-mental health provider and teacher.

- Communal recreation experience (optional)

## Monday

- Check-out: 1pm
