When Pigs Fly:
He Heals
February 11, 2024

"But God demonstrates his own love for us in this: While we were still sinners, Christ died for us." – Ephesians 6:13

Your _____ do not _____ your faith.

God ____ the power to heal, but he doesn't heal everyone ____ the time.

God did some amazing things through _____, but He didn't give _____ everything he wanted; all the time.

We cannot reduce God's _____ to _____.

Three reasons Jesus would withhold healing:

1. Jesus refused to perform miracles to _____ himself.
   Mark 8:11-12

2. Jesus never performed miracles that _____ with God's ultimate plan.
   Matthew 26:53-54

3. Jesus didn't do miracles where there was ____ faith.
   Matthew 13:58

When it comes to your faith is God saying:

_____! Look at that faith!

Or

_____.....look at that faith…

Things we can do in response to what we read about God's miracles:

1. Have _____ in God.
   Our faith should not be based on what God _____,
   but rather it should be based on who God _____.

2. Keep praying _____ prayers!
   God wants us to keep praying _____.

Reflect on these questions this week:
- Have you ever felt hesitant to pray for someone's healing? Why do you think that is?
- What is the state of your faith? How can it grow?
- What spiritual, physical, or emotional miracle are trusting God with?
