Privacy Policy for Project Mod By Asteroid LLC Effective Date: 6/14/25

Project Mod ("we," "our," or "us") values your privacy. This Privacy Policy explains how we collect, use, and protect your information when you access and use our virtual reality game, Project Mod ("the Game"), particularly through the Meta/Oculus platform.

Information We Collect and Why:

1. User ID
We collect your Oculus User ID to enable core game functionality, save your progress, and ensure a consistent in-game experience tied to your account.

2. User Profile (Username and Profile Photo)
We access your Oculus username and profile photo to personalize your experience and display your in-game identity to you and other players (if applicable). This helps identify users in multiplayer or social features.

3. User Age Group
We access your age group (e.g., under 13 or 13+) to ensure compliance with age-appropriate features and content restrictions. This helps us tailor the experience to suit the user's age group and meet platform requirements.

4. In-App Purchases and Downloadable Content
The Game allows you to purchase optional in-game content (such as downloadable content or virtual items). These transactions are handled by Meta's payment platform. We do not collect or store any financial information.

How We Use Your Information:

- **Personal Information** is used to:
    - Provide access to the Game and its features.
    - Identify you within the Game.
    - Respond to support requests.
    - Enforce appropriate content and access based on age group.
- **Non-Personal Information** (e.g., device type, session length, performance data) is used to:
    - Improve the Game.
    - Diagnose bugs or technical issues.
    - Analyze general usage trends.

Data Sharing:

We do **not** sell or rent your personal information. Data may be shared only with trusted service providers to support the functionality of the Game (e.g., hosting, analytics). All third parties are obligated to protect your information in accordance with this policy.

Data Security:

We use commercially reasonable safeguards to protect your data. However, no system is 100% secure. Users should remain cautious when sharing information online.

User Data Deletion:

You may request deletion of your personal data by emailing us at **AsteroidFR@outlook.com**. We will honor your request within a reasonable time, unless retention is legally required.

Children's Privacy:

We do not knowingly collect personal information from children under 13. If we learn we've inadvertently collected such information, we will delete it promptly. The Game restricts content and features appropriately for users based on age group.

Third-Party Services:

The Game may contain links or integrations with third-party services (e.g., Meta's payment services). Their privacy practices are governed by their own policies. We encourage users to review those policies before engaging.

Changes to This Policy:

We may update this Privacy Policy from time to time. The revised version will be posted here with the updated effective date. Continued use of the Game indicates your acceptance of the changes.
