Change To Hours of School Day

The Government is determined that all pupils have the opportunity to achieve their full academic potential. To support this, on 28 March 2022 the Government announced, through the White Paper Opportunity for all: strong schools with great teachers for your child, a new minimum expectation on the length of the school week of 32.5 hours for all mainstream, state-funded schools. Any mainstream state-funded school that does not yet meet the minimum expectation of 32.5 hours should be working towards doing so by September 2024 at the latest.

The 32.5 hour minimum expectation includes the time in each day from the official start of the school day (i.e. morning regist end of the compulsory school day(i.e. official home time). The 32.5 hour minimum includes lunch times and other breaks as well as teaching time and any enrichment activities that all pupils are expected to attend. It does not include optional before or after school provision.

Leamore's current times are 08:55 until 15:10 which is a shortfall of 15 minutes per day. Therefore, from 04/06/24:

The new school day will be:
08:40 [Gate opens 08:30] - 15:10

If you would like to share your thoughts on this, please e-mail:

PE Champion

Each week,one pupil from each class will get to bring home their class PE Champion trophy! This will be a pupil who has shown resilience, dedication and hard work during their PE sessions.

Can we ask that the trophy is returned the following week, ready to be awarded to the next pupil.

Nursery - Emily for listening to instructions well and working fantastically in her team.

Year 1-. Oscar, for an overall improvement with his swimming over the course of the 6 weeks.

Year 2- Elsie due to her excellent warm up skills and perseverance

Year 3 - Sian for putting 100% effort into her throwing and running in this week's lesson.

Year 4- Lucas, for fantastic swimming this week, perfect coordination used to help him swim.

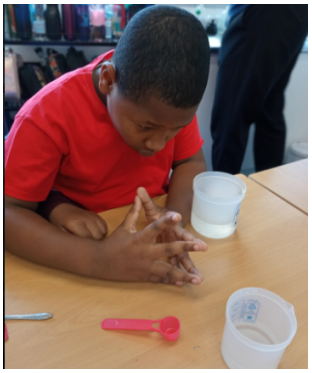
Year 5- Ashraf for working hard to progress his swimming skills.

Walk To School Treat- Y4

On Tuesday 11th June, Y4 were able to visit the education garden to congratulate them on their winning of the 'Walk To School Week'. We got to be in nature and enjoy making memories together.

Hands On Science- Y1/Y4/Y3

This week, Y4 had the 'Hands On Science' team come to school to teach them all about the water cycle. They got to use a range of scientific equipment to help them separate the salt from the water. They were able to reinforce their understanding of condensation, evaporation and precipitation.



Year 4- Tropical Birdland Trip

On Thursday 13th June, Y4 visited the Tropical Birdland. We did this to help enhance our Geography and Writing skills. Whilst here, we got to hold and pet a range of different birds. We got to explore different habitats and researched the diet of each bird. We have gained a stronger awareness of why particular birds are adapted to living in the Rainforests and other biomes.

Year 4 MTC

Over the past two weeks, Y4 have been completing their Multiplication Time stable Check. I am so incredibly proud of each and every one of them for their amazing resilience, maturity and positive attitude. They have been practising very hard all year in preparation for this! The Year 4 team would like to express our gratitude to the hard work the children have been able to complete at home too. Your support is invaluable.

Summer HAF

This is a reminder that you are able to register for the HAF programme from 10th June.
