Meet Your Leak Detection Specialists
At the helm are Tim Intveld and Damian Batajtis - seasoned plumbers and leak detection experts. Utilising Perth's most sophisticated leak detection technology, our dynamic duo ensures the swift and accurate resolution of leaks, safeguarding your property against potential water damage.
Our Reach
Our services extend across Perth, including key suburbs like Perth City, Balcatta, Joondalup, Ellenbrook, Canning Vale, Fremantle, and Midland. We're renowned for our slogan "Any Leak! Anywhere!", a testament to our commitment and expertise.
Innovative Leak Detection Techniques
Wizard Leak Detection is at the forefront of acoustic and thermal leak detection. Our state-of-the-art methods allow for quick leak identification with minimal disruption, negating the need for extensive property alterations.
Comprehensive Solutions
Our journey with you begins from the first call and continues until all leaks are found and fixed.

We handle both emergency and scheduled appointments, delivering Perth's most professional leak detection services. Our initial call-out includes door-to-door technician service, the first hour of leak detection, and required paperwork for the WaterCorp rebate.

Collaborative Approach

We believe in teamwork. Collaborating with plumbers and other tradespeople, we've streamlined our process to enhance efficiency and cost-effectiveness. This synergy not only ensures a thorough job but also extends trade pricing benefits.

WaterCorp Leak Allowance

We also offer guidance on WaterCorp's Leak Allowance, which could cover up to 50% of your water loss if the leak is hidden and repaired by a licensed plumber like us. This allowance, however, is exclusive of the repair service costs.
