

Foxy Valentines

Serves: 12 Print

Ingredients:

2 packs (12 total) Reese's peanut butter hearts, unwrapped
1/8 cup + 24 individual milk chocolate chips
36 mini M&Ms (M&M baking bits) in brown
¼ cup white candy melts (or white chocolate chips)
red or pink decorating sugar, optional
lollipop sticks
small treat bags
scrapbook paper
ribbon

Directions:

1. Melt 1/8 cup milk chocolate chips according to package directions. Dip lollipop stick in the melted chocolate until roughly a ½ inch is coated, and insert the lollipop sticks in the bottom of the Reese's hearts (the pointed end). Dip the flat side of 2 individual chocolate chips in the melted chocolate, and attach one chip to each curved part of the heart to make the ears. Repeat with remaining Reese's hearts.
2. Melt white candy melts according to package directions. Transfer to a piping bag with the tip cut off. Carefully outline the foxes face by drawing half of a heart on opposite sides of the heart, meeting at the pointed end of the heart. Attach two brown M&Ms for the eyes and 1 red M&M for the nose. Use the white chocolate to dollop a small dot on each ear, and color with decorating sugar. Allow foxes to dry completely for 1-2 hours.
3. Meanwhile, trace hearts or the design of your choice on to scrapbook paper, and cut out. Write the foxy poems above on each card.
4. Once the foxes have completely dried, insert the lollipop in the small treat bag, tie shut, and secure the card with ribbon. Enjoy!

Recipe notes:

*6 foxy poems are written out in the above post for you to use for your valentines!

*You can buy candy melts, lollipop sticks, treat bags, ribbon, and scrapbook paper at your local craft store. Crafts stores ALWAYS run coupons, so be sure to check before you go!

*When you transfer the white candy melts to the piping bag and snip the tip, keep in mind the smaller the tip, the easier the confection will be to control. Don't cut too big of a hole, or you'll have white candy EVERYWHERE!
