[sniffing] Smells like my omega is home. **[shuffle]** Hello there, darling. I hope you don't mind, I stole a few of your shirts and a couple of your stuffies so that I could make a nest that smells like us. I made do with what I had but it doesn't compare to the real thing. Come here, I want to hold you. I've been suffering alone all day without my omega. **[shuffle]** It's been torture for me, darling. **[chuckle // kiss]** Already feel a bit better now that you're in my arms. I don't like when you stray too far from me. Were you able to get off for the rest of my rut?…Thank you for doing that for me, little O. It's going to make things a lot easier. I still mostly have my wits about me. It's only the first day. You know my second day hits me the hardest. By my third day I'm practically a mess but luckily by the fourth day, it's usually mostly over. I just want to hold you that day. My ruts have gotten a lot easier since we got mated together. I think because I have a partner to breed until my hindbrain is happy it makes the whole rut thing go smoother. Have you found that your heats go by easier now that we are mated?

…That's a good sign, I think. I would assume it is. **[chuckle into kiss]** I've missed you. I know you were only at work and we weren't away for a long time but it felt like forever. It feels like years since I last held you in my arms despite it only being this morning. Everything about rut is so much worse without you, darling. I need you to stay right here with me. You're going to be alpha's sweet little omega, aren't you?…Good omega. Can you see the red ring around my eyes yet?…I figured it was there. I don't know how much longer you're going to have me in this cuddly headspace, little O. Just being this close to you triggers another round of my rut. You can feel my cock hardening against your thigh, can't you?

…Want to be inside you, omega. Miss how your walls hug my cock, how you feel clenching around my knot. I've had to use my hand all day and it wasn't the same. Even the fleshlight doesn't compare to you. You feel so good, darling. Alpha just wants to be inside you all day everyday. Fucking into your tight little hole, breeding you how a good omega needs. That's what ruts are for, right? For breeding the little O up?…That's right, darling. Agreeing with your alpha, so obedient. The perfect mate for me. **[kissing]** Taste so good, biting down on your bottom lip, hearing the moan that escapes. You're intoxicating, omega…Can feel my own brain become hazier. The need from the rut slowly seeping in…Getting harder and harder to resist you, omega. Feeling you squirm underneath me as I start to rut against you. My cock slides easily against your skin. Just being this close to your alpha is enough to make you start to get wet, isn't it?…I know you are, little O. Can smell it on you. **[sniff]** It smells perfect, just like you. Makes it even harder to keep my hands to myself. It's a good thing I don't have to, right?

…**[kissing]** Feel so good against me, darling. Responding so well to your alpha's touch. That's what I want to feel. **[shuffle]** You like being pinned underneath me?…Can feel it from how wet you are. Slick leaking out of your eager hole as my cock brushes back and forth. You want alpha inside you, don't you?…Want to be filled by your alpha, you hate when your hole is empty. It's okay, darling. Alpha hates when your hole is empty too. Good thing I have exactly what you need to be filled and make you happy. Going to stuff you full of my cock, little O. Going to knot you just how you need. You're going to be a good omega for alpha, aren't you?…Then prove it to me. I won't believe it until I see it. Earn alpha's knot, darling.

[wet noises start] Ngh, fuck. Already feels so much better than my own hand. Sliding inside you feels like coming home. Tight heat clenching around my cock, sucking me in. That's it, omega. Mnf, such a lovely hole for alpha. So wet and inviting. You feel better now that you have something inside you, don't you?…So good for me, omega. Going to breed you up, just like you need, little O. That's what every good omega wants, right? A good omega just wants to be pumped full of seed by their alpha, correct?…Oh that's right. Doing good for me. Staring up into the red ringed eyes, you feel my hips snapping against yours and can't help the moan that leaves your lips. It feels good to be taken like this. To submit to the pleasure that alpha gives you. That's it, darling. You're making me very happy. Such an amazing hole wrapped around me. Making alpha feel so good. You're a good omega for alpha, aren't you?

…Spreading your legs and letting me inside. That's it, that's right, omega. It feels good to let alpha have her fun with you, doesn't it?…Moaning as I continue to thrust inside you. I hit that special spot inside you everytime, brushing against, causing more sounds of pleasure to leave your mouth. Feels so good to have you wrapped around me. You're amazing, darling. Keep it up. Keep taking everything I give you. Doing so well for me, omega. Yes you are. Making alpha feel so good. I love you so much, little O. Love how you feel against me. Squirming underneath me as I continue to thrust inside you. That's it. Let alpha make you feel good. Don't need to worry about anything except pleasing alpha, yeah? That's your job as my mate, darling. Isn't it nice to know your place? Doesn't it feel good to know you belong to something?…That's why you're MY omega. Feels like you were made for me the way your body takes me, accepting whatever I give you. I don't think anyone else would feel as good as you. The way your hole sucks me in. Watching my own cock move in and out of your eager hole, lewd squelching fills the air as I move. There's nothing better for you then laying on your back and taking what alpha gives you, is there? This is where your happiest, aren't you?

…A happy omega that is going to get bred up. Can't wait to knot your hole, pump you full of cum. That's what an omega needs. That's what you need, darling. Ngh, alpha is going to give it to you. Going to knot this pretty hole of yours, tie you to me. Going to feel you milking my knot for every bit of cum you can get. You want to be bred, want to feel my cock twitching and pulsing inside you. You want to get pregnant, don't you?…It's what every omega dreams about. Being mated to a protective alpha that is going to breed them as many times as they want. Just the thought is enough to make you happy, isn't it?…Going to look so good once you start to show. Can't wait to watch you grow knowing that we made what was inside you together. You're going to look so fucking good once you're pregnant, darling. I think once I breed you the first time, I'm going to keep it up. Keep you knocked up until you can't take it anymore. How does that sound, little O? Do you want to be alpha's breeder?

…I know you do. You just want to be bred over and over again. Have your hole pumped with as much cum as you can take. You want to be filled so much that it leaks down your leg. I know how you are, darling. You forget, I'm your mate. I know everything about you. It's how I know how to fuck you and make you cum just like this. Don't even have to reach down and touch you, little O. Your body responds so well to mine. We're linked together. Your alpha pushing her knot inside your hole is enough to send you over the edge now that you have my bite marks on your neck. Can feel them pulsing as I continue to thrust inside you, causing you to cry out even more. It feels so good to be fucked by your alpha, doesn't it?

…Nothing can compare, can it?…I've ruined you for everyone else, omega. Just how it should be. You only need alpha's cock, don't you?…This is the only cock that you'll ever need. The only knot that you can cum from alone. It feels that good to you, doesn't it?…Can't get enough of alpha's cock, of alpha's knot. So fucking good for me, little O. That's how omegas should be. You're perfect, darling. Yes you are. Taking it so well, getting closer with every thrust inside you. Every brush against that special spot causes another moan to be ripped from your lips all while I don't stop. My hips just keep moving, keep rocking into you. Ngh, clenching around my cock, trying to get my knot to pop faster. You're eager to be bred, aren't you?…What a good omega for alpha. That's right. You know what your purpose is. You're here to lay back and take what you're given. You're here to offer your hole to be bred to your mate. You're here to be a good omega for me. Yes you are. Doing such a good job of it too. Getting closer with every slide of my cock. Unable to stop the sounds that you're making, you feel so good. You're getting closer and closer and just as eager as me for me to pop my knot, aren't you?

…Can feel it growing as it slips inside you. Catching around your entrance, my hips don't stop. Fucking into you just as hard, listening to the lewd sounds you keep making. That's it, omega. You looks so good like this. Should keep you impaled on my cock forever, always have you sitting on my knot. Ngh, feel so fucking good. My knot continues to grow, expanding inside you, starting to stretch you out. That's it little O. Taking alpha's cock so well. It feels so good, doesn't it?…Going to be breed you just how you deserve, darling. It's what ever good omega craves. Going to knock you up this time. Going to make sure you catch on my knot. Yes I am. Such a good omega for me, moaning as you take everything alpha gives you. Just like that. Yes. Ngh, getting so fucking close. My knot continues to grow inside you, almost at full length. You can feel how close you are getting, the throbbing getting harder to ignore. You're close, just like me, huh?…That's my good omega. So good for alpha. Ngh, why don't you cum with me? Cum on my knot how I taught you, little O. Be a good omega for alpha and cum on my kno-**[adlib mutual orgasms]** That's alpha's good little omega. You did so good for me. Made alpha so happy. You felt so much better than any toy I have, so much better than my own. So perfect for me, darling. How do you feel now that you have alpha's knot inside you?

…Alpha feels a lot better being inside you. Thank you, omega. So sweet for me. **[peppered kisses]** So good for me, little O. Love how you feel underneath me. Your hole nursing my knot, making sure all my cum goes inside you. Making sure you're bred up really nice. That's what you need, little O. Alpha's right here. Alpha's going to give you what you need. Alpha's going to take care of you. So good for me, omega. Took your breeding so well. Going to make sure you catch during this rut. Going to make sure you get pregnant, omega. That's alpha's goal. Going to take such good care of you, give you everything that a breeder could need. You took my load so well. Can still feel how you're clenching around my twitching knot, feeling it empty the last bits of cum inside you. That's right, little O. We're tied together until this knot goes down. It feels good to be locked to alpha, doesn't it?

…Love having you like this. Laying on top of you while holding you. Feeling your hole continue to work my knot, giving me some relief. You're so good to me, darling. I love you so much. Thank you for being such a wonderful mate. **[kiss]** That's my amazing omega. So good for alpha. Nuzzling against my neck, taking a deep sniff of my scent. It mingles well with yours, doesn't it?…That's it, darling. Feel so good wrapped around me, nuzzling against me. Don't worry, omega. Alpha's going to take care of you. Alpha's going to give you what you need. Going to breed you as many times as it takes, darling. Going to make sure I knock you up this rut. It

doesn't matter how many knots it takes. I'm going to make sure you catch, darling. I think it's time you became alpha's proper breeding omega, don't you?…**[chuckle]** I'm so glad you see things my way, little O. So good for alpha and only I get to see you like this. Only I get to fuck you. You're mine. Say it.

…Very good, omega. It always sounds so much better when it's coming from you. My omega that I don't have to share with anyone else. They wouldn't know how to take care of you. I'm the only alpha you need, omega. That's why you're locked to me. My knot continues to block the entrance, making sure no cum escapes. It feels so nice to be knotting to alpha, doesn't it?…That's because this is where you belong, omega. Should always keep you knotted on my cock. Look so good like this. My amazing little O. **[kiss]** So good for alpha. **[kissing]** You're lucky my knot is stuck inside you or else I would want another round. Can feel my rut starting to pick back up again. Ngh, fuck. Guess we are stuck like this for a little bit, huh? **[chuckle]** Well, I don't mind. As long as I'm inside your hole, I'm happy, little O. **[kiss]** Thank you for being here with me. There is no one else I would rather spend my rut with. I love you so much, little O. **[kissing that fades out]**
