

# MA in Ministry

You can shape the MA in Ministry to meet your needs.

It has an 18-hour **core** of Bible and Theology and an 18-hour customizable **concentration** defined by each student. The concentration can consist of classes on Bible, theology, apologetics, preaching, or graduate classes in some other field transferred from another school. Because this is a ministry degree, at least six concentration credits will need to be in practical theology.

The guiding requirement is that your concentration must work together with the Bible and Theology core to equip you to minister in your field, whether that be pastoring, chaplaincy, business, or something else. We'll work with you at the beginning of your degree to define your concentration.

## 2 year track – suggested course sequence

*Graduation:* May 2022

<b>Fall 2020</b>	Biblical Hermeneutics Concentration Elective
<b>Spring 2021</b>	NT Theology Concentration Elective Concentration Elective
