wListenBrainz App future features compared to the Website

Feature we want in our app: ✅

1. Delete account – send users to the web to do this.
2. Add a settings section, directing users to the web to change the settings.
3. Delete listens
4. YIM (2022 - latest)
5. Push Notifications
6. ~~Taste~~
7. ~~Playlists~~
8. ~~Created for you~~

Features we're unsure about: 😕

1. LB Radio

Features we do not want in our app. 🚫

1. Global Listens
2. Fresh Releases
3. Hue Sound
4. Cover Art Collage
5. Top Similar Users
6. Stats
7. Settings Import Listens
8. Settings Timezone

Unique features only on the app

- Scrobbling (Now playing + Submission)
- SDK support for players
- Local music support and submission
