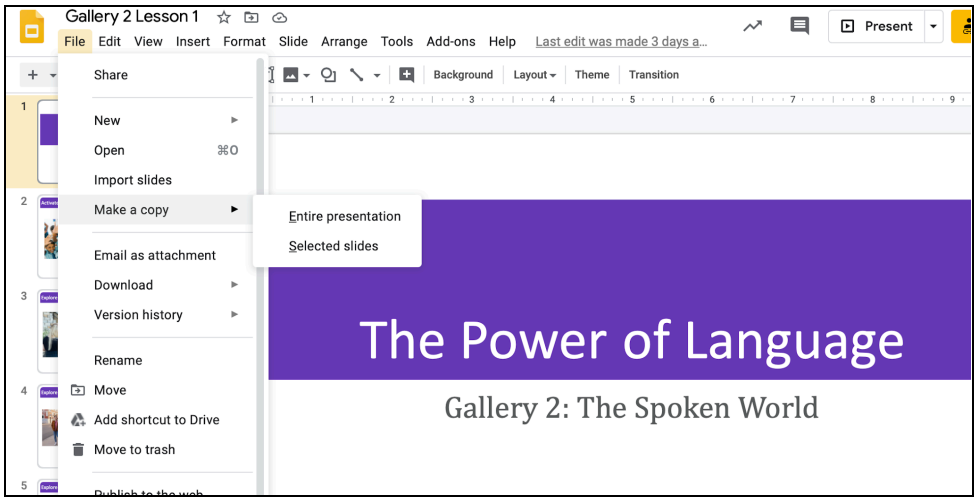
How to Use Planet Word Educator Resources

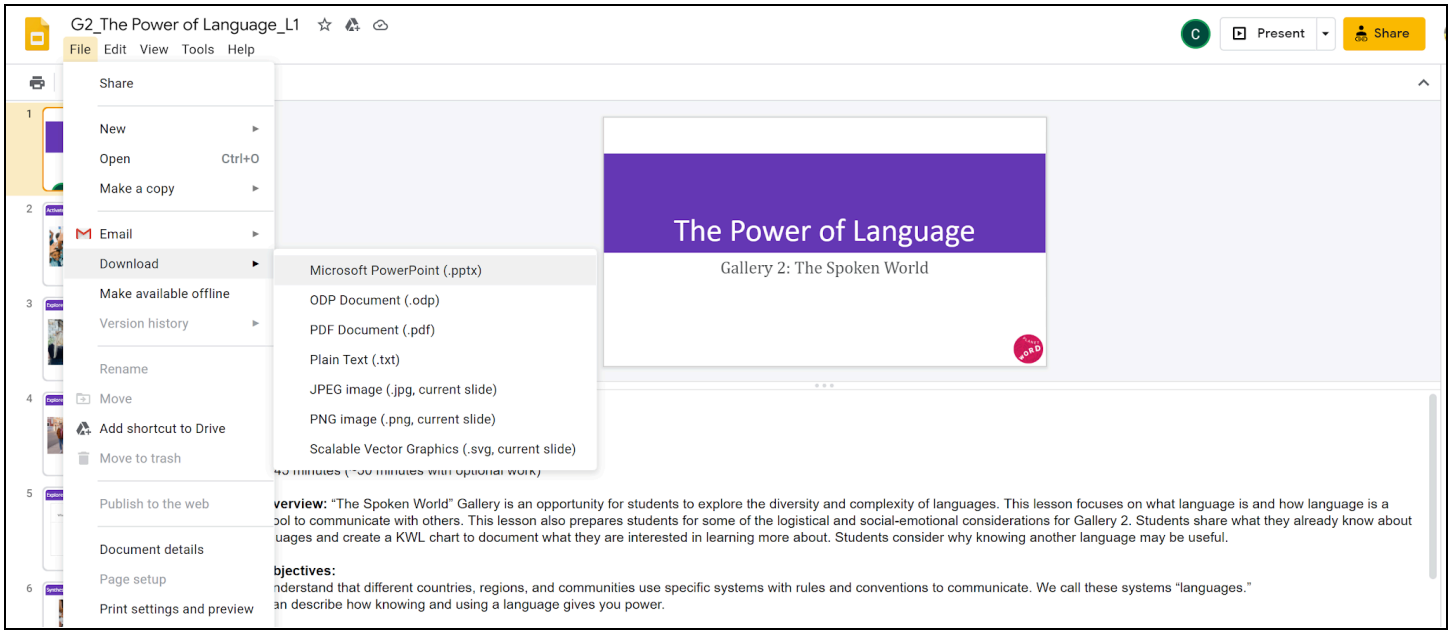
Planet Word Educator lessons are presented in ready-to-go Google Slides format, and are easily customized to meet your students' needs. Here are some tips to help you get started.

Check-out the notes: Don't miss the notes section. Each slide deck has useful facilitation notes, standards alignments, and suggested scaffolding and modifications in the notes section below the slide.

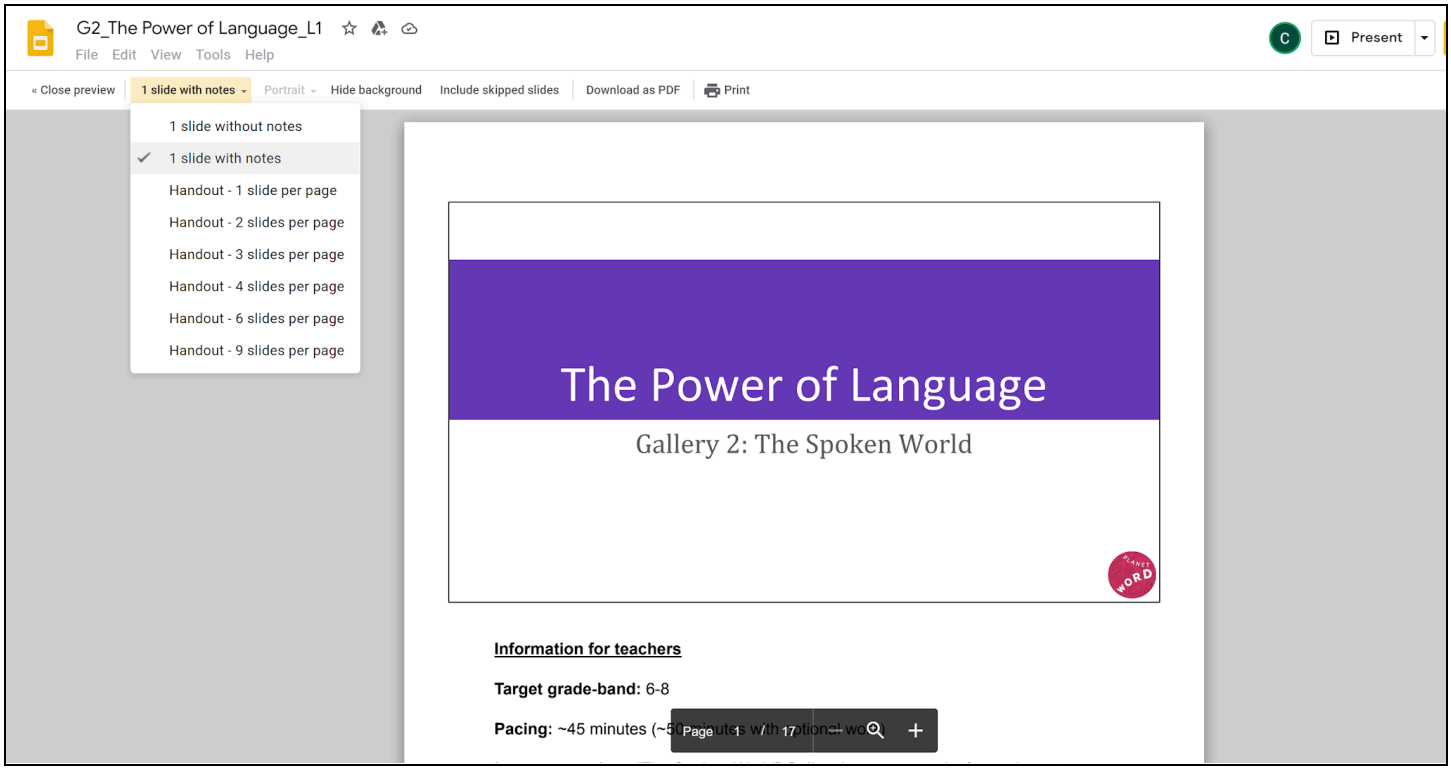
How to make your own copy of a Google slide lesson: In the left hand corner of each Google slide lesson, click File. Proceed to Make a Copy, and in the subsequent drop down menu, click Entire Presentation. This copy will save to your personal Google drive, so you can use or edit.



How to download a Google slide lesson: In the left hand corner of each Google slide lesson, click File. Proceed to Download, and in the subsequent drop down menu, click the presentation format you prefer. This copy will save to your computer, so you can use or edit.



How to print a copy with the facilitation notes: In the left hand corner of each Google slide lesson, click File. Proceed to Print settings and preview, the second option from the bottom. In the preview screen, select the “with notes” option.



How to make a copy of a Google document: In the left hand corner of each Google document, click File and proceed to Make a Copy.
