1. Friends: I'm joining @newstorycharity for their Kiss Campaign, raising awareness for a health crisis affecting hundreds of families in Bolivia. There's a Kissing Bug living in the walls of these mud and straw shacks, and it carries a life-threatening disease, Chagas. 💋 Together we can Kiss it away! I'm blowing a kiss to @handle and @handle and challenging them to do the same! Learn more at kiss.newstorycharity.org to help change a family's life forever! #AdiosChagas, we're kissing you goodbye! 💋

2. Mwah! I'm helping @newstorycharity transform an entire slum in Mizque, Bolivia into a sustainable community one home at a time. Help us Kiss Away the Kissing Bug, an insect causing a terrible disease called Chagas in this community. We can't do it alone! 💋 Blow a kiss to 2 friends to help spread awareness for this terrible disease. Mine are @handle and @handle. Together we can transform an entire slum into a sustainable community! Learn more at kiss.newstorycharity.org.
