

DATE: **September 3, 2026**
FROM: **James Rafko, Assistant Principal**
RE: **Testing Out Procedures**

If you have been approved to test out, please follow the procedures listed below:

- Information, by subject area, will be posted on this website or you will be invited to a zoom session if the video is not posted. **YOU are responsible** for viewing it or attending on time--it is a **requirement.** The teacher will provide you with the standards/objectives of the class. The classes that are most often attempted to test out are posted on this page.
- You **MUST** view the informational video(s), **ONLY** for the test(s) in which you signed up to test out, or you will **not be allowed** to test out. If you are attempting to test out for a subject not posted you will be invited to a zoom information session with the expectations on the assessment.
- The actual Test Out Exam dates, locations, and times will be posted on the Saline High School website, under the "resources" tab. Testing out exams will be scheduled due to student interest and will be tested between April TBD. **Please make sure you are at the test out exams early so the test may begin promptly.**
- Per Board policy, students must score a C+ (77%) or better on the test in order to pass.
- Students will be notified of results via email no later than the week of May 3, 2027 via email.

It is important that you understand that it is YOUR responsibility to get all of the information needed and to have any questions answered by a teacher.

If you have any questions about testing out, please contact the appropriate SHS/SMS counselor. Or call the HS Main Office at 734-401-4200.
