LXXIV International Conference Nucleus-2024: Fundamental problems and applications, Jul 1 – 5, 2024, Dubna, Russia

Publication

A Special Issue of papers selected from the workshop will be organized for publication on the International Journal of Modern Physics E (Nuclear Physics) – IJMPE. The journal is indexed in various key indexing databases, including Web of Science, Scopus, InspireHEP, NASA/ADS, etc.

- Manuscripts are expected to be typeset in LaTeX style of IJMPE.
  (For authors who are unfamiliar with LaTeX, their manuscripts can be submitted in an editable format, e.g. MS Word. The journal will do the necessary style conversion.)

- Suggested manuscript lengths: 14 pages (Plenary), 8 pages (Parallel).
  (The journal page is in a single column format and 20%-smaller than A4 size.)

- Manuscript submission due date: 30 Sep 2024.

- Manuscripts can be submitted directly to the submission platform of IJMPE.

  After logging onto the submission platform, go to:
  New Submissions > Submit New Manuscript
  select Article Type "Special Issue: Nucleus 2024 (Dubna)"
  and proceed with your manuscript submission.

- Files required for submission: (i) A PDF file of the manuscript; (ii) A zip file containing the Source files (tex, cls, sty, bib, docx, figures, etc.).

Queries related to your article submission can be forwarded to the Journal Office: ijmpe@wspc.com.
