Connecting Republicans Together

The most important thing we need to do, besides registering new Republican voters, is connect local volunteers together. Click on the link below and fill out the form. With your permission, I will create a private group on Twitter and add each of your Twitter handles. You will be connected with like-minded conservatives, who live in your area, and can work together to get out the vote. Only your Twitter handles will be used for the private group and I never share any of your information.

Empowering The Grassroots

If we do not register new Republican voters, then President Trump will not win re-election. Retrain your brains and consider yourselves community organizers. We are using President Obama's playbook against the democrat party in order to re-elect President Trump. Click on the link below to learn how to register voters and get out the vote.
