

ACCESSIBILITY AT MONTANA TECH

ELECTRONIC ACCESS

Montana Tech is committed to ensuring digital access and improving the user experience for everyone. We are in the process of ensuring our electronic materials meet current [Web Content Accessibility Guidelines \(WCAG\) requirements](#).

PHYSICAL ACCESS

Butte sits at a very high altitude, and our campus is situated on several hills. There is a risk of altitude sickness and/or shortness of breath until you have acclimated to the climate. As our unique and historic campus first opened its doors in 1900, there are buildings on campus that are over 100 years old.

Knowing this, we do our best to accommodate students while preserving historic integrity. Main Hall, Engineering Hall, and Prospector Hall are set to undergo renovations within the next few years, but as of right now do not have any working elevators.

ACCESS COMMITTEE

Members

Cassie Weightman, [Ability Montana](#)

Dr. Douglas Galarus, [Computer Science](#)

Eddie Pantoja, [Web Developer](#)
