Research Essay
Source "Cards"

Remember to focus your attention on RELIABLE sources that are presenting information in an accurate, unbiased manner. By the end of your research, you should have at least 3 reliable sources to pull from. Don't forget to use your keywords to conduct your research and try to answer specific questions.	
Keywords: - Bioethics - Ethical Violations - Forgotten Histories - Impacts/Changes - Medical Research - Research Subjects	Questions: - What was the research being conducted? - Who was conducting the research and why? - Who were the subjects of the research? - What were the ethical violations that doctors and researchers were accused (or found guilty) of committing? - How did this study impact the field of medicine and medical research?
