Marple Public Library

Game Usage Agreement

I, the undersigned, agree that I have read the Game Usage Policy and will follow all posted rules concerning the use of library resources.

- I agree to sign-in using a library card or ID, and to wait patiently for my turn on a system or with a board game if it is previously being used.
- I agree to maintain appropriate volume levels when playing in the library, so as not to disturb other patrons, and to use headphones when they are provided.
- I agree to return controllers or board games to the circulation desk after one (1) hour.
- I agree to return items in the same condition I found them in, at the time I am required to return them.
- I agree to play games approved by library staff that are rated between E-T. I recognize that failure to follow this rule will result in loss of gaming privileges.
- I agree not to download, install, remove, or alter any games or software on library systems. I agree not to attach any personal or non-library hardware to the video game system or board games.
- I agree that if something goes wrong I will notify library staff immediately.
