Tefler Discord Q&A Session 1: February 6, 2018

Acid_King:
In any case... cum inflation tres hot
breeding tres hot
femsub tres hot
so yes please lol
The teasing with the breeding, though... that climax better not let me down.
I'm pulling for some sort of hyper/extreme preg at this point lol
Quintuplets for Alyssa XD

Tefler:
I read your comments above... quite amusing. :smiley:
In all honesty, I'd love to just go off the deep end into a sea of depravity
but the problem is, I get loads of complaints about the sex being skippable
And truth be told, the sex would be less meaningful if I just had John go around having sex with and impregnating legions of girls

Here's a plotline I toyed with and abandoned:
John goes with the YM and the assassins to a Maliri club on Valaden. He "befriends" the female club owner, and gives her empathic abilities, letting her see who was good and bad out of the girls that came to the club. Anyone good gets lined up for time with John... basically another way of encouraging Maliri society to behave itself

In the end, that morphed into Alyssa's detecting all the bad guys on the Underworld

Acid_King:
Ah, Makes sense,,,,
I mentioned it above, but Alyssa's cock envy throughout the series cracks me up.
Lucky for the women of the galaxy she didn't end up being the one with the cock lol

Tefler:
Yeah Alyssa's like John debauched Jiminy Cricket :wink:
Always let your libido be your guide...

Acid_King:
What time zone are you in, Tef?

Tefler:
GMT. It's 4:51pm atm

Grolan Knight:
Tef had been on here but it was right after the server was started.
We were very quiet back then

Tefler:
Yeah, not many people around at the start for obvious reasons. I might set up some kind of regular time when I'm on here to say hi to everyone.

Acid_King:
Don't want to set myself up for disappointment, but any chance of us seeing more extreme kinks, like hyper preg or anything like that? We've got a small bit of futa content so far, how have people reacted to that?

Tefler:
The problem with extreme kinks (and everything in erotica) is how polarising it is. I'd have no problem writing lots more scenes with Jade in catform and things like that.

Acid_King:
@Aztoroth I'm hoping it's a group ceremony/breeding session with Edraele and the twins
@Tefler That's true, why I asked about the reaction to the futa stuff
Which can be polarizing.
I love the way you've handled it though.

Tefler:
The incest angle is another one that's a bit tricky. Having John with Edraele and the twins would be very hot, but for others it's an extreme turnoff. It's hard getting a balance in a long-running story

As you say Alyssa does have quite a bit of dick envy, there'll be plenty more DP scenes with her and her "telekinetic stand-ins"

Aztoroth:
Come on, everyone has thought about doing your woman's mom as well.

Tefler:
Lol

Acid_King:
I mean, I'm looking forward to the inevitable scene where John has to convert his mother away from another progenitor's service...
And we know how he's gonna do that....

Tefler:

As to some of the other things you mentioned, at least a couple of them will be in there, but I won't spoil any surprises.

Acid_King:
Yeah no spoillers plz
That's not why we lured you here :wink:

Tefler:
I actually wrote a scene where Alyssa was getting a bit carried away with John, and was fantasising about her having a hate-fuck with Jessica Blake. One of the editors didn't approve, so I erred on the side of caution. :smiley:
(and chopped it)

Aztoroth:
Still half expecting him to bring one of the spider females back and add her to the group

Tefler:
Lol

Acid_King:
Well, if you ever want an inveterately pro-kink editor, let me know
For real I do have experience working as an editor

Aztoroth:
That is actually very in character for Alyssa lol

Tefler:
Yeah I thought so. :wink:

Acid_King:
I assume you've got plenty of volunteers tho

Aztoroth:
She seems like she would get off on it too
Such an awesome series. One of my two favorites and the more favored of the two

Tefler:
Thanks. :smiley:

Acid_King:
Yup! It's a lot of fun..
Good character depth + well-written smut is pretty rare.

Tefler:
It's been a fun story to write too. I think all the military sci-fi without the sex and relationship stuff would end up being a bit dry and tedious

Acid_King:
Yeah, to be honest I'm here for the sex/relationship stuff, but the milsci stuff needs to be there or else it wouldn't quite work
Add some stakes to things and some outside threats
Keeps things tense when they need to be
I do definitely love the... well developed characters in a relationship that's so unusual... many women and one man, no jealousy on the part of the women...
And they're not just fuckdolls, you know? They have depth. Makes it both hotter and better reading.
Anyway @Tefler, thanks for dropping by, looking forward to the next chapter!

Tefler:
No problem, I'll be back! :smiley:

<after a short break while Tefler was adding an update on Patreon>

ItWasn7Me:
Status update for 100 just posted

Tefler:
Hey

Grolan Knight:
Thanks for the update Tefler

Tefler:
No problem!

Grolan Knight:
And I fixed the invite issue

Tefler:
I pasted the updated URL to the post too

George41:
It would be cool to see this discord used more than it was in the past

Tefler:
The link in the post should give it a lot more exposure

Grolan Knight:
We are trying to we used to be a small group

Master_Laurent:
Good evening Tefler, thanks for creating such a great story!

Tefler:
Hello! And you're welcome. :smiley:

Master_Laurent:
I think you can get away with a little more kink

Acid_King:
@Tefler I was thinking of how our conversation went earlier about kinks.... is it possible you could post some sort of poll?
Obviously going into shitting dicknipples territory is going to turn a lot of people off (myself included).
But you said you'd be down to add more, but you're worried about audience appeal... might be worth doing some checking in with the patrons :smiley:

Master_Laurent:
I would love to read a scene where Dana just pulls down Rachael's shorts and puts her tongue deep in her ass making her squirm
This while Rachael is working on something that does not allow her to move her hands, that helpless tease
You do such a good job with the Dom/Sub undercurrents that you could really take the teasing to a great place
But I have said this before and this is not the place to be repetitive.
I really like the changes you made in chapter 99, subtle but impactful.

Kento Taubin:
Am I the only one who reads the story more for the main storyline than the sex??

Acid_King:
@Kento Taubin Possibly. I'm mainly attracted to the kink, though the story would be worse without the main storyline.

George41:
I like a balance of both

Master_Laurent:

Kento, No, I read it primarily for the story line, if you read my comments I complain about the sex scenes because they have become predictable

Tefler:
Glad you liked the changes ML. Most editing tends to be just minor tweaks here and there. I think there's only ever been a couple of chapters where the editors demanded significant changes. :smiley:

<Tefler is busy writing a scene for charles and then comes back>

Tefler:
The patron comments are a great source of ideas. If something seems like a sensible addition, I have no problem about adding it in.
Someone suggested a character idea about 6 months ago... she'll be in the sequel. :wink:

Muledrvr:
I guess 360 view in the armor didn't make the cut lol

Tefler:
360 vision is a great idea, but they haven't really needed it so far, so I haven't added it in. Unless I can think of a compelling plot reason for upgrades, I usually skip them.

Muledrvr:
Guess there'll have to be a scene where someone gets snuck up on from behind lol :stuck_out_tongue:

Acid_King:
@Master_Laurent The only reason I brought up futa for this story was Alyssa's cock envy lol The idea of her being altered so that she's a hermaphrodite who generates more of John's sperm to knock up more hotties and keep the harem happy while he's busy and so on

Master_Laurent:
@Acid_King I get it, for some reasons I am ok with a psychic dick on Alyssa or Jade making some and tentacles, but a straight up Futa just does not seem right for me.

Acid_King:
@Master_Laurent Fair enough, it's not for everyone
Would be hot to send Alyssa in to mind control/turn some villainess who was smart enough to keep her distance from John though :wink:

Tefler:
No, there won't be any Futa girls on the crew. One of the primary tenets of the story is that the only wang permanently allowed on the Invictus is John's. :smiley:

Acid_King:
@Tefler Sounds good. As long as it's formalized :wink:
Like other wangs can hitch a ride
But they can't stay
Or permanent residents can develop a temporary wang.
But they can't keep it.

Master_Laurent:
@Tefler Sounds good. As long as it's formalized :wink:
Like other wangs can hitch a ride

<Tefler had no other posts that day>
