Did last season take a toll on your mounds and fields??

****What is the condition of your pitching mound clay? Is it pure/safe/solid?***
****Is your mound slope correct?***
****Do you have uneven infield/outfield edges?***
****Is your infield mix ready for rain?***
****Are your base dimensions correct?***
****Are your bases in good shape?***
****Are your batter's boxes solid and level?***
****What is the condition of your grass/turf?***
****Are weeds taking over your field?***

If you need help with any of these problems, give us a call:

We can renovate your entire field or just clean up your edges…You decide.

Here are just a few of the locations we have had the pleasure of renovating recently:

****Alexandria de(all BB/ SB fields)***
****Blaine, MN BB***
****Benson High School BB/SB***
****Buffalo High School***
****Breckenridge High School***
****Chisago Lakes High School SB/BB***
****Lamberton, MN High School BB***
****Park Rapids, MN BB***
****Groton, SD BB***
****Horace, ND BB and SB***
****Maple Grove High School SB***
****Montevideo, MN (DII -MN State Legion)***
****Minnewaska Area High School SB & BB***
****Moorhead High School BB/SB***
****Raymond, MN BB/SB***
****Princeton, MN BB/ SB***
****Redwood Falls BB/SB***
****Sacred Heart, MN (State-Am. Legion site)***
****Slayton, MN BB***
****Wheaton High School BB/SB***
****Lakeville South, MN SB/BB***
****Urbank, MN BB***
****U of MN Morris BB and SB***
****Wahpeton, ND (Legion Midwest Regional)***

****We specialize in rebuilding regulation, high quality, pitching mounds using only the best pure, red, Tennessee clay.
