NOW AND AT THE TIME OF OUR TURN
Technical Requirements

Space
The show was created for alternative spaces; the spectators settle around the scene, right next to the actor. The room must have minimum dimensions of 10 x 10m. Spectators sit in bleachers or on chairs and cushions on the floor, depending on the organization's resources. The seating capacity varies according to the dimensions of the space.

Lighting
Lightboard and Dimmer Packs (13 channels used), 5 PCs 1000W, 2 ellipsoidals 1000W, 8 PAR 64 very narrow spot 1000W, 8 supports for reflectors fixation on the theater floor (Par Can floor plate).

Sound
CD player or sound board with USB input or P2 audio cable input, amplifiers, and 4 speakers.
